BUSINESS RANGE

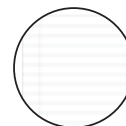

The range is perfect for businesses and executives seeking design, style and sophistication in quality-writing pads. This premium collection covers all aspects of writing pads, including wirebound, casebound notebooks, hardback, polyprop and linen covers.

The classic premium range includes valuable business features such as world maps, conversion charts, international dialling codes, business card holders, page ribbon marker and elasticated closure.

EVERYDAY RANGE

The Everyday range is a practical range of pads consisting of 80/90 gsm high quality white paper with modern cover designs suitable for all age groups and environments. The range has been created to offer a variety of pads and features including casebound, hardback, and polyprop.

The pads are stylish and durable with many useful features such as margins, perforated and hole punched pages for easy filing.

The Pukka Project Book and Academic Planner have even more to offer with a mix of colour coded removable storage dividers, academic planner, diary and world map.

UNIPAD RANGE

The Unipad range has been designed for the education sector to assist students with their studies / note taking.

The pads have modern design covers which are exclusive to the Unipad range. With 60gsm paper and added features such as perforated sheets and four hole punched pages for easy filing, these pads offer excellent value for money.

The range includes Project Books A4 and A5, side wire-bound pads, top and side tape bound refills, Shorthand Pad and the A4 Memo Pad.

Shown above are the 3 modern new design covers for the Unipad Range. This design will be phased into stock in 2010.

COLOUR RANGE

The 80gsm coloured paper pads are available in a choice of 6 attractive colours. The pads have been designed with guidance from the Irlen Institute who specialise in products for those with visual perception difficulties.

With the use of formulated coloured paper and tinted ruling with margin, the coloured pads can help those with Irlen syndrome and /or Dyslexia.

Located within the inside front cover of the pad is a visual stress self-testing form. This will help anyone with Irlen syndrome to assess which colour pad they are most suited to.

WHICH COLOUR PAD IS CLEAR FOR YOU?
